New Walking Foot Sole from Bernina!

The Stitch-in-the-Ditch Sole

Bernina has now released a stitch-in-the-ditch sole for their walking foot #50. If you

like using the #10 foot for stitching in the ditch, this sole is similar and can be attached to the walking foot for precision stitching in the ditch. The soles are on backorder from Bernina at present, but we'll gladly order one for you. Just let us know. Any new Bernina walking foot orders will include three interchangeable soles instead of the two previously marketed with the foot.

We Now Carry Sewing Tables Compact and Portable, Easy Set-up

Now in stock, the Gidget table from Arrow

Many of you have asked for sewing tables, and while we do have a display of Arrow cabinets that you can order to be direct-shipped to your home, we've decided to stock the lightweight, portable Gidget table shown here. It has a recessed area that can be raised for free-arm work, or lowered for your machine to fit flush with the tabletop. The white melamine top is mar-resistant and will blend with most decor. Table
